

THE MOST ADVANCED ACADEMIC RECORDS MANAGEMENT SYSTEM TO:

Send Transcripts & Records Digitally

3 Simple steps to manage and send all of your records quickly and get your students college bound!

1 ORDER

- + Students order transcripts and other records with their phone or online
- + Select any destination world wide
- + Branded with your school logo and colors!
- + Order & track every document

2 PROCESS

- + Prepare by uploading your student roster and transcript PDFs
- + Incoming orders will automatically be matched to uploaded transcripts, or attach a new file
- + Review & Approve and orders are processed immediately!

3 DELIVER

- + Transcripts and other records are sent securely anywhere world wide
- + Tracking and real-time status notifications to students
- + See when the receiver has downloaded the record!

FOCUSED ON THE STUDENT: ONE PLACE TO MANAGE THEIR ACADEMIC RECORDS

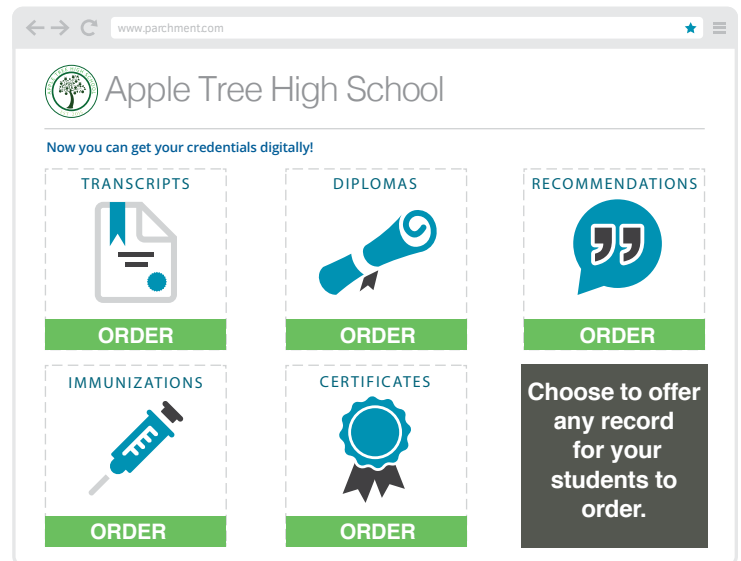

The student is the center of our strategy, as we build out a system that allows them to send, collect, and share all of the credentials they earn over the course of their lives. Long after they have left your halls, your alumni will be promoting their education and your brand through Parchment technology. Select the only record management platform that can turn credentials into opportunities.

Manage all of your admissions records electronically!

Simplify the admissions process for students, parents, and counselors with Parchment's flexible and easy to use system.

- + Students order the documents they need
- + Each record ordered has it's own tracking ID
- + Each record can have it's own fee, or no fee at all!
- + Securely collect payments from students or parents
- + It's simple to organize and fulfill all of the records students need to complete their applications
